

1ST Choice Seeds®
1st in Seed Quality

Options: • FC 506 C

Hybrid Characteristics:

- A tall hybrid with medium ear placement.
- Excellent southern movement for it's maturity.
- Semi-flex ear, typically with 16-18 kernel rows.
- Excellent root rating with very good stalks.

Ratings: Superior 9-10 Excellent-8 Very Good -7
 Good-6 Average-5 Below Average 0-4

Recommended Planting Population		
Low	Medium	High
29-30,000	30-32,000	32-34,000
Relative Maturity		106 day
Degree Days		2600

Management Tips:

- Corn-after-corn with fungicide.
- Plant stature and test weight make this an outstanding dual purpose choice.
- Can move south as an early harvest hybrid.
