

1ST Choice Seeds®
1st in Seed Quality.

Options: • FC 560 GSS

Hybrid Characteristics:

- Grain quality and test weight is very good on this semi-determinate ear type.
- Medium plant height with medium high ear placement.
- Typically 16-18 kernel rows.
- Flowers like 109-110 day hybrid and dries fast at the end.

Ratings: Superior 9-10 Excellent-8 Very Good -7
 Good-6 Average-5 Below Average 0-4

Management Tips:

- This is a rapid drydown hybrid that should be managed for the first half of the harvest.
- Can go corn after corn with fungicide.
- Strong yield performance in stress and high yield environments.
