

**1<sup>ST</sup> Choice Seeds®**  
*1st in Seed Quality*

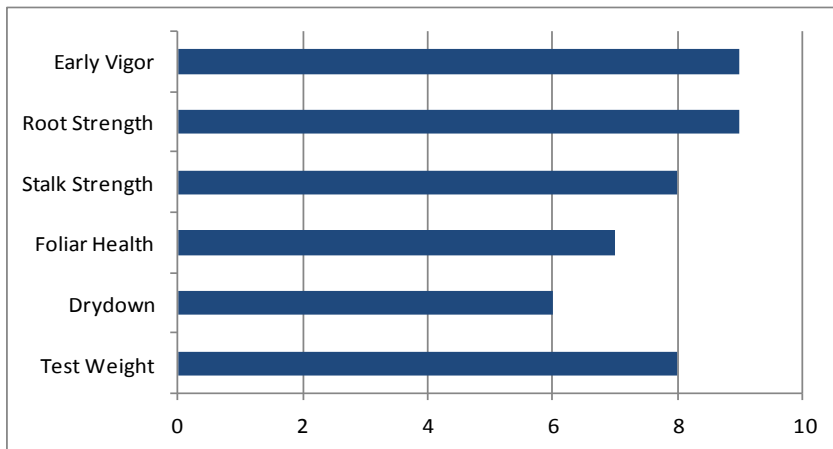

- Options:**
- FC 808 C
  - FC 805 GSS
  - FC 808 VT2P

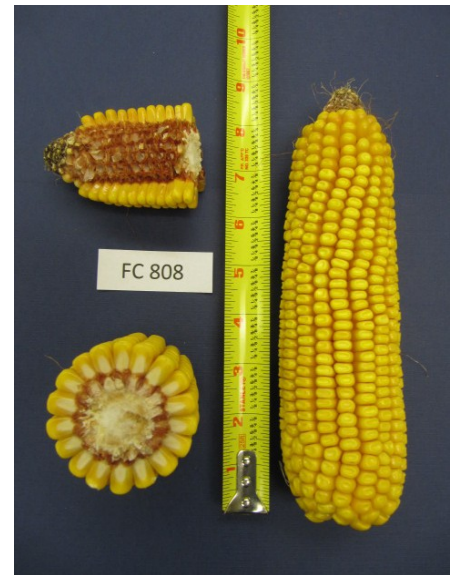

**Hybrid Characteristics:**

- Outstanding yield potential across environments.
- Excellent stalk and superior root ratings.
- Excellent early seedling vigor for no-till soils and early planting.
- Consistent yields and plant stature under stress conditions.

Ratings: Superior 9-10 Excellent-8 Very Good -7  
 Good-6 Average-5 Below Average 0-4

**Management Tips:**

- Shorter statured hybrid that canopies quickly.
- 16-18 kernel rows on a semi-flex ear.
- Medium short plant with medium ear placement.
- Corn-after-corn with fungicide.
